TO WHOM IT MAY CONCERN

I have known Raahim Salman Abdul Ghaffar since 2017 to 2022 and have had the pleasure of teaching Oral Anatomy, Oral Pathology, Oral Medicine and Oral Surgery subjects in the Bachelor of Dental Surgery Program Second, Third and Final Year respectively.

I have closely watched Raahim develop both personally and clinically into a mature individual full of dedication and a strong desire to learn. He took great interest in clinical work and was always eager to learn and grasp new techniques. He has been a good student throughout obtaining one distinction in his undergraduate subjects.

He has participated in numerous courses and symposiums. He has been active in various community activities. Raahim is a bright, energetic, compassionate and hardworking individual and gets along well with his peers and colleagues.

I strongly recommend Raahim as the Dental Healthcare provider and wish him the very best in his future endeavors.

If you need any additional information, please do not hesitate to contact me.
