TO WHOM IT MAY CONCERN

It is a pleasure to express my views about Raahim Salman Abdul Ghaffar I have known for over 4 years in the undergraduate Dental Surgery Program at the Altamash Institute of Dental Medicine, affiliated with the University of Karachi, from 2017 to 2022 and later on as a House Officer.

Raahim has been a good student obtaining one distinction in his undergraduate subjects.

Raahim has consistently demonstrated outstanding dedication to the field of dentistry. He is well focused on the academic aspect of the course work and possesses a sharp ability to quickly grasp concepts and apply them in practical situations. In the OPD he has performed procedures with confidence with no hesitation to consult when in doubt.

He has admirable work ethic and displays great teamwork in the department. Raahim is attentive, polite and sympathetic to his colleagues, juniors and all his assistants, and this fact is well appreciated by patients and colleagues alike. He does not hesitate to put in extra hours to complete patient work or to tutor his juniors and students. He has been involved in various community activities as well.

I highly recommend Raahim as a professional healthcare provider. I am confident that he will make a significant contribution through his dedication, hard work and keen interest. I wish him all the best in his future endeavors.

Please feel free to contact me for any further inquiries.
